

Every channel your clients use. Every conversation your business owns.

From first message to automated action - LeapXpert governs, captures, and transforms client messaging into intelligence you can act on.

The LeapXpert Communications Platform

Enable

Meet clients on every channel they use

Act

Turn intelligence into automated business action

Understand

Turn governed data into communication intelligence

Govern

Enterprise control at the point of communication

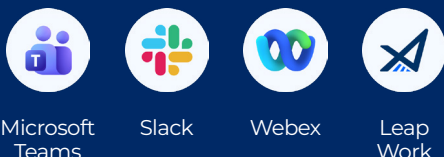

Capture

Every conversation becomes governed enterprise data

Broadest Channel Coverage

Enterprise Platforms

Consumer Channels

What we do

The LeapXpert Communications Platform brings enterprise-grade governance to the consumer messaging channels employees and clients already use. Every conversation is captured, governed, and understood in real time, turning client interactions into intelligence the business can act on.

Introducing LeapXpert Intelligence

The AI layer built on your governed messaging data

Signals

Provide leaders org-wide visibility into topics, trends, and risk across every client conversation.

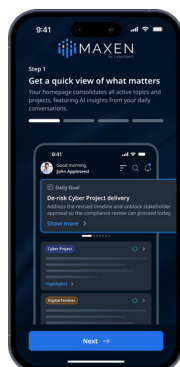

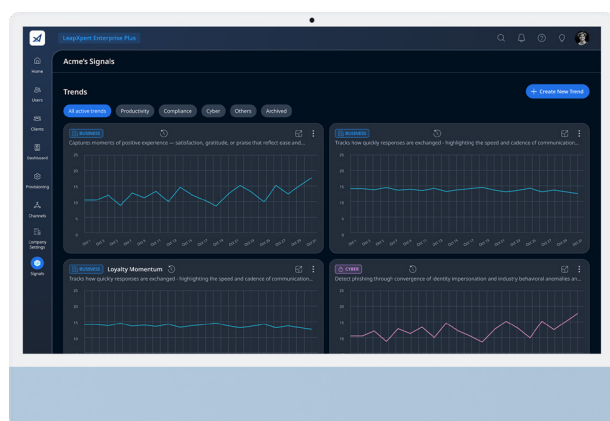

Maxen™

Give every employee AI-surfaced relationship context before they send a single message.

Communication Workflows

Turn insights into automated action, without leaving the channel.
